

# Price List for website Banners

## Banner sizes and placement regions

The screenshot displays the AMA Events website layout. At the top is a navigation bar with links: Home, Corporate, Sport Events, Sponsorship, Contact Us, Testimonials, Events Calendar, and a Facebook link. Below the navigation is a search bar and a breadcrumb trail: "You are here: Home > Home-test".

The main content area is divided into several sections:

- Left Column:** Contains introductory text about Active Management Asia as a professional sport events organizer, a "What is adventure racing?" section, and a video player showing a person in a forest.
- Center Column:** Features an "Upcoming Events:" section with a large banner for "The Ibis Koh Samui Trophy 2010" (Saturday, 2nd October 2010). Below it is a "Next:" section with a banner for "THE BANGKOK CHALLENGE 2010" (November 13th, 2010 in Nong Chok).
- Right Column:** Includes a video player for "Ibis Koh Samui 2010 Adventure Race Promo", a "The Races & Dashes" section listing events like "The River Kwai Trophy" and "The Bangkok Challenge", and "The Adventure Dashes" section.

On the far right, there are two vertical panels:

- Direct view area:** Contains logos for AMA Events Thailand, Ibis Double Hotel, Outdoor Standard, and GNS Triple.
- Scroll down area:** Contains logos for Feelfree, Thule, Samui Channel, and Action.

At the bottom left, there is a map of Thailand with three AMA Events logos placed in different regions.

Flash (Double or Triple)	Req. pricing	Req. pricing

Images and logo's for the banners are to be provided by the customer in the size required for the type of banner or larger so we can scale it down with minimal loss of quality.

*{Please contact us if you need a banner designed for this purpose}*

Rotating banners are sequentially mixed between max. 4 companies/logo's (when applicable)

if the "direct view" area is taken, only scroll down orders can be accepted with an option for the direct view area as soon as there is an empty slot.

Html content for the triple banner needs to be within the frame size for that type. if this content needs to be longer or wider (not both), we will apply a sliding feature to it, however the content can not exceed 2 times the height or 3 times the width of the triple banner size.
